

# Reporting Wind Project Concerns / Complaints in Niagara

(Updated May 11, 2016)

You should make 3 Reports each time you call or write.

Each time you call, identify the project, and ask for a Confirmation #

So your call / complaint will be registered.

1. Steve Green at MOECC Niagara District Office – [steve.green@ontario.ca](mailto:steve.green@ontario.ca)  
(Mon.- Friday 08:30 – 5 p.m. 905-704-3900 or 1-800-263-1035 X 43906)

and

**NRWF**

4827 Vaughan Rd E.,

Wellandport, ON, L0R 2J0

If you file multiple complaints at a time, Add: Count each Complaint as One (1).

Also consider reporting your **health concerns** to  
**Dr. Valerie Jaeger, Medical Officer of Health and Commissioner of Public Health**

E-mail: [valerie.jaeger@niagararegion.ca](mailto:valerie.jaeger@niagararegion.ca) or 1-888-505-6074 x 7338 anytime

and say or conclude your e-mail with this Statement:

**“Lodge this as a Noise Complaint. Also Lodge and Investigate this as an Adverse Reaction Report under the Radiation Emitting Devices Act (REDA) 2004 of Health Canada.”** Or

You can contact Federal Health authorities directly:

**Health Canada (Federal: “ Adverse Reaction Report for Radiating Devices”**

**PHONE 1-866-225-0709**

**\*\*\* Use On-line form for reporting\*\*\***

<http://www.hc-sc.gc.ca/contact/ewh-semt/hecs-dgsesc/ccrp-prpcc-eng.php>

and / or

**Consumer and Clinical Radiation Protection Bureau Health Canada**

775 Brookfield Road, A.L. 6302 C , Ottawa, ON, K1A 1C1

E-mail: [ccrpb-pcrpcc@hc-sc.gc.ca](mailto:ccrpb-pcrpcc@hc-sc.gc.ca)

Phone: 613-957-2991 or 1-866-225-0709

If you file multiple complaints at a time, Add: Count each Complaint as One (1).

### **What to say and what to include:**

1. Make sure your information is true and factual. Keep it simple.
2. Include the Name & Number of the project you are reporting & its location.
3. What distances is your home from the turbine(s).
4. Briefly describe your problem(s).
5. Request what you want done about your problem(s).
6. Include why / how you have made the connection to the Turbine(s).
7. What have you done to alleviate the problem(s) and the results.
8. Provide your contact information.
9. Request a Confirmation Number for your Call / Complaint / Concern / E-mail.
10. Send follow-up information if there are significant changes.
